***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Sons of the Revolution in the State of New York, Inc. as of September 30, 2020 and September 30, 2019 and the results of its activities and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**SONS OF THE REVOLUTION IN THE STATE OF NEW YORK, INC.****Notes to Financial Statements  
September 30, 2020 and September 30, 2019****Note 1 – Nature of organization**

The Sons of the Revolution in the State of New York, Inc. (the “Society”) was instituted in 1876 and incorporated in 1884. The Society was organized to perpetuate the memory of the men who, in military, naval or civil service, by their acts or counsel, achieved American independence; to promote and assist in various celebrations of the anniversaries relating to or connected with the war of the revolution and to inspire among the members and their descendants the patriotic spirit of their forefathers.

Fraunces Tavern® Museum (the “Museum”) was founded in 1907 and is owned and operated by the Society and its accounts are included in the Society’s financial statements. The Museum’s mission is to preserve and interpret the history of the American Revolutionary era through public education. This mission is fulfilled through the interpretation and preservation of the Museum’s collections, landmarked building and varied public programs that serve the community.

**Note 2 – Summary of significant accounting policies**Net assets

The Society maintains two classes of net assets: without donor restrictions and with donor restrictions.

Without donor restrictions

Net assets without donor restrictions consist of the General Operating Fund and the Board Designated Funds which are defined as follows:

- General Operating Fund – Consists of revenue and expenses incurred by Fraunces Tavern Museum and other funds available for current operations.
- Board Designated Funds – Consists of amounts that are designated by the Board and its assets are pooled with Society’s investments. The Board designated funds consist of the following:
  - The Reserve Fund was established to set aside all initiation and life membership fees, and all donor, patron and fellow subscriptions which may be made to the Society.
  - The Flag Fund was established for the acquisition by the Society of reproductions of flags, colors and standards carried by the Continental Troops in the War of the Revolution.
  - The Permanent Fund was established from the contributions and from other monies as may be from time to time received by the Society and which are directed by the Board of Managers to be credited to such Fund, the same to remain forever to the use of the Society, the income only of which shall be expensed.
  - The Museum Endowment Fund was segregated for the museum endowment aspect of the capital campaign, and the designated amounts are available for programs and activities conducted by the Fraunces Tavern® Museum.
  - The Deaccession Collections Fund consists of proceeds from the sale of the Society’s collection and other works of art, and may be used for direct care and/or preservation of the Society’s existing collection or to buy additional items for the collection and/or other works of art.

When the stipulated purpose of the restriction is achieved, net assets with temporary donor restrictions are reclassified as net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

Net assets with perpetual donor restrictions consist of gifts to the Society, the principal of which is permanently restricted.

- Shelby C. Davis Fund – Established through a gift made by the Shelby C. Davis Foundation. The principal portion cannot be expended. The value of the Shelby C. Davis Fund as of September 30, 2020 and September 30, 2019 was \$3,000,000. - Building Maintenance Endowment Fund – The Building Maintenance Endowment Fund is to remain forever to the use of the Society, the income only of which shall be expended solely for the maintenance of the buildings comprising of the Fraunces Tavern® Museum complex, as determined by the Board of Managers. The value of the Building Maintenance Endowment Fund as of September 30, 2020 and September 30, 2019 was \$433,833 and \$299,893, respectively. Earnings are reflected as net assets with temporary donor restrictions until released from restrictions or appropriated for expenditures, as approved by the Board of Managers.

Interfund transfers

During the 2020 and 2019 fiscal years, the Society transferred interest, dividends, net realized and unrealized gains totaling \$53,234 and \$16,898, respectively, from the board designated funds to the general operating fund.

Cash equivalents

The Society considers all highly liquid investments with original maturities of 90 days or less to be cash equivalents. Except for what is included in the Society's investment portfolio, the Society did not have any operating cash equivalents as of September 30, 2020 and September 30, 2019.

**SONS OF THE REVOLUTION IN THE STATE OF NEW YORK, INC.****Notes to Financial Statements (continued)  
September 30, 2020 and September 30, 2019****Note 2 – Summary of significant accounting policies (continued)**Allowance for doubtful accounts

As of September 30, 2020 and September 30, 2019, the Society does not have an allowance for doubtful accounts for any potentially uncollectible receivables. Such estimate is based on management's experience, the aging of the receivables, subsequent receipts and economic conditions.

Investments

Investments are recorded at fair value. The fair value of the investments is based on publicly quoted prices. Realized gains or losses on sales of investments are determined on the basis of average cost and are recorded in the statement of activities.

Property and equipment

Property and equipment expenditures above a nominal amount and with a useful life greater than one year are capitalized and are recorded at cost. Items received by gift or bequest are recorded at appraised value at the date of receipt. Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets which range from 7 to 20 years.

Collections

The Museum's collections are made up of artifacts of historical significance and art objects that are held for educational exhibit and curatorial purposes. Accession and de-accession of items for the collections are subject to the Fraunces Tavern® Museum Collections Management Policy, most recently approved by the Board of Managers on May 21, 2018. Proceeds from de-accessions or insurance recoveries are used to acquire or preserve other items for collection. Contributions for the purchase of items for the collection are classified as temporarily restricted net assets until acquisitions are made. The Museum's collections and exhibits are not capitalized in the statement of financial position. Purchases of items are expensed in the year that the items are acquired. The cost of these items is reported as a separate program expense. Contributed collection items are not reflected in the financial statements.

Service marks, trademarks, and works of art

No amount has been reflected in the financial statements for the Fraunces Tavern® service mark, the Samuel Fraunces® trademark, and the works of art owned by the Society.

**SONS OF THE REVOLUTION IN THE STATE OF NEW YORK, INC.****Notes to Financial Statements (continued)  
September 30, 2020 and September 30, 2019****Note 2 – Summary of significant accounting policies (continued)**Contributions

The Museum reports contributions as support with temporary donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a designated restriction expires, that is, when a stipulated time restriction ends or the purpose for restriction is accomplished, net assets with temporary donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Contributions with temporary donor restrictions are reported as increase in net assets without donor restrictions if the restrictions are satisfied within the same fiscal year the contributions are received.

Contributions received from the George Washington Ball for the years ended September 30, 2020 and September 30, 2019 totaled \$91,271 and \$78,074, respectively. These contributions are included in contributions and grants in the statement of activities.

Bequests are recorded as revenue when a legally binding obligation is received and when a fair value can reasonably be determined.

Government grants

Government grants are recorded as revenues to the extent that expenses have been incurred for the purposes specified by the grantors. Revenue from government agencies are subject to audit by the agencies. No provision for any disallowance is reflected in the financial statements, since management does not anticipate any material adjustments.

Functional expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying statement of activities. The statement of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the program services and supporting activities benefited. Natural expenses attributable to more than one functional expense category are allocated using a variety of cost allocation techniques primarily consisting of salary and wages, time and effort reporting and other equitable basis.

Donated services

Organizations are required to recognize contributions of services if they create or enhance non-financial assets, or require specialized skills, are provided by individuals possessing those skills and typically would have been purchased if not provided in-kind. Individuals volunteer their time and perform a variety of tasks that assist the Society. These services do not meet the criteria to be recorded and have not been included in the financial statements.

For the years ended September 30, 2020 and September 30, 2019, the Society received donated advertising services totaling \$120,311 and \$81,568, respectively.

**SONS OF THE REVOLUTION IN THE STATE OF NEW YORK, INC.****Notes to Financial Statements (continued)  
September 30, 2020 and September 30, 2019****Note 2 – Summary of significant accounting policies (continued)****Concentrations of credit risk**

The Society's financial instruments that are exposed to concentrations of credit risk consist primarily of cash, receivables and investments. The Society places its cash with what it believes to be quality financial institutions. The Society has not experienced any losses in such bank accounts to date. Investments are exposed to various risks such as interest rate, market and credit. Due to the level of uncertainty related to changes in interest rates, market volatility and credit risks, it is reasonably possible that changes in these risks could materially affect the fair value of the investments reported in the statement of financial position at September 30, 2020 and September 30, 2019. The Society routinely assesses the financial strength of its financial institutions and investments. The Society's management monitors the collectibility of its receivables on an ongoing basis. As a consequence, management believes concentrations of credit risk are limited.

**Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from these estimates.

**Risks and uncertainties**

On March 13, 2020, a national emergency was declared due to extraordinary circumstances resulting from the coronavirus 2019 (COVID-19) pandemic. As a direct result of this executive order and in response to previously and subsequently issued State and Local Government guidelines, operations of the Society's Museum and its restaurant tenant were limited. Management believes that the COVID-19 pandemic may have a significantly negative impact on its financial condition, results of operations and outlook for year ending September 30, 2021. The extent to which the COVID-19 pandemic may impact business activity generally, the Society's museum and its restaurant tenant will depend on future developments, which are uncertain and cannot prudently be predicted.

**Subsequent events**

Management has evaluated the need for additional disclosures and/or adjustments resulting from subsequent events through July 28, 2021, which is the date the financial statements were available to be issued. This evaluation did not result in any subsequent events that necessitated additional disclosures and/or adjustments other than those contained herein.

**Notes to Financial Statements (continued)  
September 30, 2020 and September 30, 2019**

**Note 3 – Liquidity and availability of financial assets**

As part of the Society's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. The Society invests cash in excess of daily requirements in short-term investments. In addition, the investment portfolio consists primarily of mutual funds and exchange traded funds, all of which offer daily liquidity. Following a redemption or sale of any of these, proceeds could be made available in the organization's checking account within two to five business days depending on the source of funds.

To help manage unanticipated liquidity needs, the Society has Board Designated Funds (quasi-endowments) and its unspent endowment investment return. Although the Society does not intend to spend from its quasi-endowments and its unspent endowment investment return other than amounts appropriated for general expenditure as part of its annual budget approval and appropriation process, amounts from its quasi-endowments and its unspent endowment investment return could be made available if necessary.

As of September 30, 2020 and September 30, 2019, financial assets and liquidity resources available within one year of the statement of financial position date for general expenditures, such as operating expenses, were as follows:

	<u>2020</u>	<u>2019</u>

For assets measured at fair value on a recurring basis, as of and September 30, 2020 and September 30, 2019, Financial Accounting Standards, Fair Value Measurements require quantitative disclosure about the fair value measurement separately for each major class of assets. The Society's investments have been classified in the highest level of hierarchy (Level 1). These quoted prices are in active markets for identical assets.

Net investment return is summarized as follows for the years ended September 30, 2020 and September 30, 2019:

	2020	2019
Interest and dividends, net	\$ 98,771	\$ 104,289

**Note 5 – Lease agreements**

During April 2010, the Society entered into a lease agreement as a landlord to lease a portion of its facility for a restaurant premises. The restaurant operations have been undertaken by an independent contractor (the "tenant") and the food and beverage sales and related expenses are reflected separately in the books and records of the tenant and are not reflected in the accounts and records of the Society. In addition, certain related taxes incurred with the restaurant operations are paid by the tenant. The initial lease term was to expire March 31, 2020. The 2010 lease agreement provided to tenant two 5-year extension options. During 2019, the tenant exercised the first 5-year renewal option. In October 2019, the lease agreement was amended (first amendment to the lease) to acknowledge that the tenant had exercised the first renewal option to extend the lease for an additional term of five years commencing on April 1, 2020 and ending on March 31, 2025. The first amendment to the lease also granted the tenant a third renewal option, for a potential additional 10-year term beginning April 1, 2030. The lease requires a monthly base rent plus a percentage of all restaurant gross sales as defined in the lease agreement. During June 2020, due to practical issues posed by the coronavirus 2019 (COVID-19) pandemic, this lease was modified as outlined in a signed side-letter agreement. As of September 30, 2020, the tenant was permitted to use its security deposit of \$103,600 (including interest) toward the repayment of its loan to the Society noted below. During March 2021, also due to practical issues posed by the coronavirus 2019 (COVID-19) pandemic, this lease was again modified as outlined in a signed side-letter agreement.

The first amendment to the lease includes a provision for Loans for Improvement of Premises in which the Society agreed to lend the tenant 1) an amount of up to \$176,000 (the first loan) for improvements to be made to the tenant's restaurant kitchen and 2) an additional \$75,000 (the second loan) for improvements to be made to enlarge the tenant's bar area, as outlined in the first amendment to the lease. During the 2020 fiscal year, the Society advanced the tenant the first loan totaling \$175,000. In addition, during the 2020 fiscal year, \$57,937 of the first loan was forgiven and \$103,600 from the tenant's security deposit was utilized towards the first loan as a repayment. As of September 30, 2020, \$7,881 was outstanding under the first loan.

**Note 5 – Lease agreements (continued)**

The Society also has a lease agreement as a landlord to lease a portion of its facility to another non-profit organization which expires on December 31, 2030. In accordance with the terms of the lease, the base rent is adjusted thereafter until the lease expires in December 2030.

For each fiscal year, the base rent will be as follows:

<u>Fiscal Year</u>	<u>Restaurant Premises Amount</u>	<u>Non-Profit Facility Amount</u>	<u>Total</u>
2021	\$ 248,650	\$ 93,522	\$ 342,172

**Note 7 – Retirement plan**

The Society has a contributory defined contribution annuity plan covering substantially all employees. Under the terms of the plan, the Society contributes amounts ranging from 2% to 10% of an employee's gross earnings to the plan. Eligible employees can contribute up to the maximum percentage of their compensation allowable, not to exceed the Internal Revenue Code limitation. Such contributions are used to purchase individual annuity contracts for the employees. Plan expense for fiscal years 2020 and 2019 amounted to \$10,378 and \$11,165, respectively.

**SONS OF THE REVOLUTION IN THE STATE OF NEW YORK, INC.****Notes to Financial Statements (continued)  
September 30, 2020 and September 30, 2019****Note 8 – Related party transactions**

The Society has bank accounts with a financial institution where the Treasurer of the Society (who is also a member of the Society's Board of Managers) is an officer. This individual has disclosed this relationship to the full Board of Managers in a board meeting where it was approved. Any direct or indirect benefits, if any, to this individual is not determinable.

**Note 9 – Legal proceedings**

The Society is currently involved in legal proceedings arising in the ordinary course of business. The Society believes it has a defense for the proceedings and is vigorously defending the actions. The Society's insurance carrier is providing defense and indemnity for these proceedings and in the opinion of management of the Society, the resolution of the matters will not have a materially adverse effect on the Society's financial statements.

**Note 10 – Paycheck Protection Program**

The Society applied for and, on May 5, 2020, received \$96,690 under the Paycheck Protection Program ("PPP") which is a business loan program established under the Coronavirus Aid, Relief and Economic Security Act. The amounts received are forgivable if the borrower uses the loan proceeds for eligible purposes including payroll, benefits, rent and utilities. As of September 30, 2020, the Society believes it has expended the full amount of the loan proceeds in accordance with the terms of the PPP and has, therefore, qualified for full forgiveness. For the year ended September 30, 2020, the Society elected to record the loan proceeds as contribution and grants in the 2020 statement of activities. In July 2021, the Society was informed that the loan was fully forgiven. In addition, in February 2021 the Society applied and was approved for a 2<sup>nd</sup> PPP loan under the Consolidated Appropriations Act of 2021 for \$107,046. The Society also believes it will qualify for the loan proceeds to be forgiven.

**Note 11 – Tax status**

The Society is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (the "Code"). In addition, the Society has been determined by the Internal Revenue Service to be a publicly supported organization, and not a private foundation, within the meaning of Section 509(a)(1) of the Code. Donors are eligible to receive the maximum charitable deductions available for public charities under the Code.

**Note 12 – Endowments**

The Society's endowment and board-designated funds consist of various individual funds established for a variety of purposes. As required by accounting principles generally accepted in the United States of America, net assets associated with endowments and board-designated funds are classified and reported based on donor-imposed restrictions.

**SONS OF THE REVOLUTION IN THE STATE OF NEW YORK, INC.****Notes to Financial Statements (continued)  
September 30, 2020 and September 30, 2019****Note 12 – Endowments (continued)**Investment objectives and principlesObjective

The investment objective for the portfolio of the Society is to seek a high current total return (consisting of income and appreciation), consistent with preservation of capital, including as a secondary but important consideration investments in good quality securities with potential for capital appreciation as a hedge against inflation. Except for cash and cash equivalents, the investment objective shall be applied over the long-term (5 to 15 years).

Investment principles

(1) Investments will be made with the care, skill, prudence and diligence under the circumstances then prevailing that a prudent person acting in like capacity and familiar with such matters would use in the investment of a fund of like character and with like aims. (2) Investments shall be made solely in the interest of the Society. No investment shall be made in the event of any conflict of financial interest by, or personal benefit to, a member of the Investment Committee or the Board of Managers or the immediate family of any such person. (3) Investment shall be diversified as prudent to reduce the risk of loss unless under the circumstances it is clearly prudent not to diversify.

Asset Allocations:

- (1) At least 20% but no more than 75% of the value of the Portfolio shall be invested in equity securities (i.e., common or preferred shares), of which up to 30% may be securities of foreign issuers.
- (2) At least 25% but no more than 75% of the value of the Portfolio shall be invested in U.S. Government securities and other fixed income securities (including floating rate, discount and inflation-adjusted obligations) rated at least investment grade by Fitch, Moody's or Standard & Poor's Rating Service, of which amount no more than 20% may be invested in convertible bonds and notes and obligations accompanied by warrants.
- (3) No more than 25% of the value of the Portfolio shall be invested in cash and cash equivalents (including in money market funds believed to be of good quality and sold without sales charge).
- (4) No more than 25% of the value of the Portfolio may be invested in other securities (including fixed income securities with lower ratings and REITS) reasonably determined in the context of the remainder of the Portfolio as likely to help the achievement of the investment objective stated above.
- (5) For each percentage point of value of the portfolio in excess of 15% invested in the securities referred to in paragraph (4) above, the limit on investment in equity securities referred to in paragraph (1) above, shall be reduced by a percentage point.

Interpretation

The Society follows the New York State Not-For-Profit Corporation Law (N-PCL) when adhering to donor-restricted contributions. The Society preserves the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary.

Interpretation (continued)

The Society considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: the duration and preservation of the fund, the purposes of the Society and the donor-restricted endowment fund, general economic conditions, the possible effect of inflation and deflation, the expected total return from income and appreciation of investments, other resources of the Society, and the investment policies of the Society.
